

## Casing Support

WNS Lowery Casing Support is an ideal solution for shallow wells that have a low pressure difference between the casing and tubing. The shouldered steps on the base of the Casing Support allows for use on many different pipe or coupling sizes, as well as, providing a centralized support body on the surface strings. Slips are available in all standard sizes of tubing.

**Features:**

- Short compact design
- Body will fit standard pipe or coupling sizes
- Hinged slips with handles

**Applications:**

- Artificial Lift Wellheads

**Part Lists:**

Casing Size	Slip Size	Casing Support w/ Slip	Slip only (w/ handles)
7" thru 8 5/8"	2 3/8"	30204290	30154250
	2 7/8"	30204291	30154251
	3 1/2"	30204292	30154252
	4 1/2"	30204293	30154253
	5 1/2"	30204294	30154254
8 5/8" thru 10 3/4"	4 1/2"	30204295	30154257
	5 1/2"	30204296	30154258
	7"	30204297	30154259
